HERE'S JUDY....

Dear Readers,

If you haven't tasted EZ PIZZA yet, don't wait any longer. This is a place that will put smiles on the faces of the entire family. It is totally different than the traditional pizzerias. It's EZ PIZZA because it really is easy.

First, you select the crust you want: thin, classic thick or whole wheat. The next step is a choice of fifty toppings (believe me, I actually counted them). You also have a choice of four different cheeses as well.

This hand made focaccia style pizza will now be made right before your eyes in three minutes or less. Most importantly, it is made to order. The end result is a delicious tasting pizza with an outrageously fresh crust and ingredients. So now your entire family can have the individual pizza that each enjoy the most.

Just recently, the demand for the EZ Large Pizza has been granted. Just \$7.99 for a large thin crust EZ Pizza and WOW.

If you're planning a party or event, make life EZ with their EZ catering packages. You can personalize each EZ Pizza to suit your guests taste. What a hit it will make at your party.

Hurry on over to EZ PIZZA today. It's the only place that gives you a choice. Visit them at 184 Essex Street, Lodi, in the Essex Square next to National Liquidators. Remember, no need to call ahead because it just takes a few minutes and your made to order pizza is ready to go. They are open seven days and you will just love it, I personally guarantee it myself.

Judy
